

# SETH HALL

DATA SCIENTIST AND DEVELOPER

## PERSONAL PROFILE

I am Data science enthusiast focused on solving complex problems using machine learning techniques. I try to simplify problems and attack them head on. Always working and striving to be better solution finder.

## SKILLS

Data Scientist, Machine Learning, Python, Big Data, SQL, PySpark, Scala, Hive, Scikit Learn, Pandas, Matplotlib, Natural Language Processing, Transformers, BERT.

## PROJECTS

Federated Machine Learning using Arduino.

## WORK BACKGROUND

### NeuraTech

Developer, Mar 2019 - till date

Using BERT we designed a model which captured the users comments on news websites and calculated the reaction based on those comments to a news article.

## EDUCATION

B.tech (ECE) LPU, Chandigarh, 2019

## OTHER ACTIVITIES

Deep learning Specialization
