

MICHAEL REEVER

FRESHER SOFTWARE DEVELOPER

PROFESSIONAL PROFILE

Hands-on experience in manipulating and analyzing complex, high-volume, and high dimensionality data from varying data sources Enhanced data collection procedures to include information that is relevant for building analytic systems Excelled at performing statistical analysis and fine-tuning using test results.

PROFICIENT SKILLS

Data Science, Logistic Regression, Clustering, Data Structures, Software Engineer, Data Analytics, Machine Learning, Visual Studio, Statistical Analysis, Linux, Unix, Python, Software Developer.

ACHIEVEMENTS AND EXTRA CURRICULARS

Training and deploying a machine model.

PROJECTS

Architecture and Design of the Entire IDS System.

EMPLOYMENT HISTORY

Systemica Consultants

SDE, Apr 2019 to Till date

Creating Dashboards and Analytical Front-ends to collect, display and analyze data effectively analyzing real-world problems and providing ways to solve them. Using machine learning and statistical modeling techniques to develop and evaluate algorithms to improve performance, quality, data management, and accuracy. Understanding business objectives and developing models that help to achieve those objectives along with metrics to track their progress.

EDUCATIONAL HISTORY

Bsc (IT) University of Mangalore, 2019
