CHARLES RODRIGUEZ

SOFTWARE AND PROJECT MANAGER

PERSONAL PROFILE

As an associate software and project manager I have completed and contributed to Machine Learning projects focused on NLP. From collecting and refining data to building and deploying the final model I have had my experience in all. I want to join a firm as a Machine Learning engineer as it will broaden the scope and opportunities to learn more about the domain.

WORK BACKGROUND

General Electric (GE) Healthcare
Data Scientist, Feb 2020 to Ongoing

Delivered on a Customer Sentiment Analysis Project using NLP.

Tata Metaliks Ltd.
